- For any new or existing Factory Direct Business Relationship that intends on using a new factory, a factory audit must be completed by a third party company chosen by DSW. Additionally, once the audit is completed & approved and a PO is written, then an inspection on the first PO coming out of the factory must be completed by the same third party company. Please contact natalierobertson@dswinc.com for additional information.
- You are required to comply with all laws, rules and regulations including those that govern lead limits, such as Prop 65. Please reference the DSW General Terms and Conditions of Purchase for additional detail and if you still have questions you may contact our legal department at miriamshoap@dswinc.com for additional information.
